

## **Cockrill Clip 1**

*[These facilitator notes provide commentary and ideas that might be helpful as you use these raw video clips with other educators.]*

We appreciate that Cockrill opens class by telling students how many questions they have to discuss and how long they'll be spending on that task—we don't see many other instructors featured on this site beginning class this way. We also like how Cockrill manages expectations, setting up #6 as a bonus rather than something they will do for sure. Anything else stick out to you in this quick intro to the class session?
