

## Eric Mazur Full Class Session Breakdown

Timestamp	Activity	Description
0:07-3:03	Announcements	Mazur opens the class with brief announcements.
3:04-10:23	Lecture	Mazur delivers a lecture on a new concept.
10:24-23:51	Demonstration	Mazur's teaching team leads two experiments to illustrate electrostatic shielding.
23:52-31:06	Lecture	Mazur highlights three pre-class text annotations that hit on important topics and addresses those annotations through a brief lecture. Mazur then gives some instructions about how to use course materials as scaffolding for conceptual understanding and terms
31:07-53:48	Learning Catalytics	Mazur poses problems to the students using Learning Catalytics; they discuss responses in their small groups.
53:49-1:37:34	Small Groups	Students work on problems in small groups, while the teaching team circulates. The camera stays with one small group.
