

McCarthy Clip 6

[These facilitator notes provide commentary and ideas that might be helpful as you use these raw video clips with other educators.]

McCarthy's opening contribution in this clip emphasizes how students and this discussion impact him. They expand his understanding, but they also impact his "heart and soul." Sharing this fact seems valuable, both as a model and as a motivation (e.g., this is what powerful discussions can do). It is also a nice way to model that even experts can continue to grow and learn. We also see in this comment a nice connection to the arc of the course, helping students see how the insights in this conversation will be both added to and challenged in upcoming course experiences.
