

Villarreal Clip 3

[These facilitator notes provide commentary and ideas that might be helpful as you use these raw video clips with other educators.]

We appreciate in this clip how V (Villarreal prefers students call her V or Dr. V) lets her students engage deeply in a discussion without weighing in. A lot of discussions can feel like tennis, with the professor responding to the majority of the comments or questions from students. In this clip, it is more like volleyball, as the discussion is passed along, and it eventually leads to another question, all without V weighing in given the quality of the conversation.
